XIVth International Symposium

Biomechanics and Medicine in Swimming

Leipzig, Germany

The format of the XIVth International Symposium of BMS has adapted due to the Covid-19 pandemic. The NEW format intends to offer multiple scientific exchanges through virtual sessions concluding with an in-person Symposium in Leipzig, Germany.

The virtual sessions will kick off in July 2022 and end in May 2023 and are designed to stimulate and support the international exchange of ideas. The topics and the program are currently being refined and will be informed via the Symposium homepage in time.

Crowd-Funding for virtual conferences:

The virtual kick-off date will occur on July 15, 2022.

To compensate the few additional experts, the local organization committee will ask for donations via crowdfunding (e.g., paypal).
